Dear Sir,

Please stop firing and bombing in Homs

People in Homs are suffering from lack of food, petrol and medicine. They are dying. They are your fellow people. Please ask President Bashar al-Assad to:

1. Stop firing and bombing in Homs.

2. Allow Red Cross International and other organizations to send food, petrol and medicine to people in Homs.

3. Organize talks with anti-government forces and operate political reforms.

Yours truly,
